

International Sustainable Development

Suggested Course Sequence Sheet (2023-2024)

This is a sample schedule of sequencing for the International Sustainable Development Major. There is a bit of flexibility in class placement in your first 2 years as you navigate through the University's Common and Exploratory Curriculum, and General Core. Most ISD coursework is only offered once per year or every other year, so it is essential that students plan ahead for registration. Be sure to regularly review your Degree Status Check in Banner to make sure you are on track with all of your degree requirements.
